Projects Overview

**Networking Event: Discover new opportunities for
the growing PV market in Brazil - Storage and
Green Hydrogen, Intersolar Munich, 12.5.22**

WHO WE ARE ?

- Over 90 countries with 141 Chambers: Network and expertise for a strong international economy
- AHK Brazil in Rio de Janeiro (AHK Rio) has been since 1916 the basis for strengthening and diversifying the business of its members, while acting as a catalyst for attracting investment and business opportunities, promoting knowledge and technology transfer, and expanding bilateral trade. It is supported by the German Federal Ministry for Economic Affairs and Climate Action.
- Over 200 associated companies and partners, that profits from our network and generation of business opportunities

WHAT WE DO?

- Market studies
- Business delegation trips
- Trade Fairs
- Professional qualification
- Events
- Sectorial Working Groups
- Account manager / office in office
- Intermediation of commercial partners and demanded technologies
- Matchmaking trips
- Customs and legal information for foreign companies

Our Contribution to More Diversity in the Solar Market!

- ✓ Development of the course: „**Photovoltaic Solar Energy – from the project to installation**“ with special conditions to women
- ✓ New networking platform for women
- ✓ Raising awareness and encouragement to increase women's participation in the solar industry.
- ✓ Mentoring for women in the solar sector.

THE NETWORK: BRAZILIAN WOMEN IN SOLAR ENERGY

Official launch on
May 23th, at CBENS
<https://cbens.org.br/>

Partnership with Brazilian
Women's network in solar
energy (Rede MESol)

- ✓ Market Information
- ✓ Network
- ✓ Events
- ✓ Employment opportunities
